NCCT Code of Ethics

Rev: May 2014

NCCT Code of Ethics

By signing the NCCT application before testing, all certification candidates agree to abide by the following Code of Ethics as NCCT professionals.

- I shall strive to remain current in my knowledge and skills by participating in continuing education activities within my professional discipline(s).
- I shall solve problems that are within my capabilities and will display the wisdom to seek help when they are beyond my skills or abilities.
- I shall adhere to all safeguards in the workplace, for the health and well being of those I serve, as well as my own.
- I shall be honest in the performance of my role responsibilities and in all professional interactions with others. If I make mistakes, I will own up to them and work to make them right.
- I shall respect and obey the law, and all regulations within the law, that serve to protect the public in connection to matters of practice related to my professional responsibilities.
- I shall protect the confidence and privacy of those who use my services within the constraints of the law and the obligations of my protection and workplace.

In making this pledge, I agree to uphold high standards of professional behavior at all times in the profession(s) for which I received certification by NCCT. Violation of the NCCT Code of Ethics may be grounds for invalidating certification.
