SURGICAL TECH WEEK | SEPTEMBER 20 – 26, 2026

CURRENT CST PROMOTION TERMS & CONDITIONS

The Surgical Tech Week Current CST® Promotion is a temporary fee-based incentive. Participation does not modify NCCT's existing TS-C eligibility, examination, or certification requirements.

PROMOTIONAL PERIOD

Offer valid for eligible applications submitted between September 20, 2026, at 12:00 a.m. CST and September 26, 2026, at 11:59 p.m. CST. Eligibility for the promotion is determined based on the applicant's status and documentation at the time the application is submitted.

ELIGIBILITY & VERIFICATION

Applicants must independently qualify under existing NCCT TS-C eligibility requirements and possess an active CST® certification at the time of application. Eligibility that is anticipated or obtained after submission does not qualify for this promotion. Applicants must provide all documentation required to establish TS-C eligibility and CST® verification. NCCT will verify CST® status prior to application approval.

WHAT THE PROMOTION INCLUDES

For qualifying applicants, the promotion includes one TS-C examination attempt, access to the digital Interactive Review System, and the remote proctor fee, if applicable. Promotional benefits have no cash value and are non-transferable. Previously paid application, examination, review material, or remote proctoring fees are not eligible for refund or credit.

CERTIFICATION REQUIREMENTS

This promotion affects fees only. It is not reciprocity and does not provide certification without successful completion of the TS-C (NCCT)® examination. No certification is awarded automatically, no examination content or portions of the examination are waived, no score adjustments are provided, and no eligibility standards are reduced. All applicants must take and pass the full TS-C (NCCT)® examination and are held to the same certification standards.

ADDITIONAL TERMS

Applications that are incomplete or determined to be ineligible for certification at the time of submission are not eligible for the promotion. NCCT reserves the right to verify all information submitted as part of the application process and to deny promotional benefits when eligibility requirements are not met.

Because Certification Matters.
