Instruction Page

Thank you for assisting this applicant in completing the form required prior to approval for the TS-C (NCCT) certification exam. This form is essential as it provides necessary proof and verification of the applicant's knowledge, education, training, and proficiency in the critical skills needed for certification as a Tech in Surgery-Certified (NCCT).

Instructions for completing this form

1. **Documentation Requirements:**
   - Complete the form: Fill out all sections of the form completely, accurately, and legibly.
   - Facility-specific verification: Each verifier can only confirm experience gained at their own facility.

2. **Experience Pathway Requirements:**
   - Experience Requirement: Applicants must demonstrate and have documented verification of at least three (3) years of full-time work experience within the last five (5) years. This experience must include performance of all critical skills required for a surgical technologist.
   - Definition of Full-time: NCCT defines full-time experience as a minimum of 40 hours per week.
   - Verification Required: The form must be completed and signed by the applicant's direct patient care supervisor, which may include a licensed physician, surgeon, or registered nurse (RN)/circulating OR nurse. All work experience must be verifiable, as we will not approve the applicant to test without verification.
   - Supervisor Verification: Only one (1) direct patient care supervisor may verify the applicant's experience per form.

3. **Scrub Information:**
   - First Scrub: Criteria for verifying first scrub:
     Cases where the applicant does not meet all five criteria cannot be counted as a first scrub role.
     1. Verify supplies and equipment needed for the surgical procedure.
     2. Set up the sterile field with instruments, supplies, equipment, medications, and solutions that may be needed for the procedure.
     3. Perform counts with the circulator.
     4. Pass instruments and supplies to the surgical team during the procedure.
     5. Maintain sterile technique, as measured by recognized breaks in technique and demonstrate knowledge of how to correct when and if necessary.
   - Second Scrub: These cases can be counted as a second scrub role:
     The applicant who is at the sterile field has not met all criteria for the first scrub role, but actively participates in the procedure in its entirety by completing any portion of the above, or any of the following:
     These cases can be counted as a second scrub role.
     1. Sponging
     2. Suctioning
     3. Cutting sutures
     4. Holding retractors
     5. Manipulating the camera

Note: Only one (1) verifier per form.
